- Children are supposed to be all sugar and spice and everything nice... but we know that's not the truth. Dark tales of wicked tykes and dangerous kids playing vicious games that lead adults — sometimes their own parents — to their demise are a staple of frightening fiction. Beware the schoolyards and playgrounds, even the sanctity of the familial home, especially after dark. And don't be fooled by a trickle of tears or tiny hands reaching for you. These youngsters do not want to love or comfort — only to inflict pain!
- *Bad Seeds: Evil Progeny* offers twenty-seven tales of terrifying offspring by both masters of the genre and imaginative newcomers.
