So, the Galaxy handheld device is back - and it's back with a bang! Although it looks a lot like the S6, the Galaxy S7 acts a whole lot differently. It's better than ever before, with new features, more tricks, a better design - and the return of the magic SD card which bumps up the default 32GB storage space to a mammoth 200GB. But getting the most out of your Galaxy S7 is not exactly easy, especially when there is SO much new stuff. A lot of the best features are hidden, while using an SD card can be infinitely frustrating if you don't know a few of its tricks. In Galaxy S7: The Complete Beginners Guide - Learn How To Get Started With Your Galaxy S7, Plus Hidden Features And Helpful Tips & Tricks! I'm going to make sure that your S7 is the best phone you've ever owned. Get smart with your handheld device today and go from novice to pro in an hour.

Here is a preview of what you'll learn:

- How to charge your phone super-fast so that it's always ready to go
- How to disable bloat-ware so that performance is always high
- How to get the most out of your SD card so that you can store as many high-res videos as you want
