Human Scandals Brad Holland

Human Scandals is a work of compelling vision. This collection of more than one hundred drawings with text makes it clear why Brad Holland has been called one of the fiercest and most independent political artists of our times. But political here is meant in the largest sense of the word. For above all else, Brad Holland is driven by a curiosity about and a concern for the human predicament. And it is his dogged belief in and genuine respect for people which give his work a timeless quality. His humor, his insight, and his compassion touch every page and make this book an unforgettable experience.
