The Laymans Gospel Harmony: Mining the Infinite Riches of Christ & the Gospels Nathaniel Huntting Sherrill

The Layman's Gospel Harmony is a revolutionary harmonized chronology of the four Christian Gospels in a unique, highly visualized graphic format that reveals the super-narrative time line undergirding the four Gospel accounts. The result demonstrates the realistic, plausible historic time line of Christ's life and ministry. Stunning discoveries of the historic reality of the birth narrative, Christ's 3.5 year ministry, and the chronology of the Passion Week are revealed. In a verse-by-verse, systematic exploration, this book resolves the many supposed conflicts, debates and mysteries in the Gospels to convincingly demonstrate them as unified, accurate, historically reliable accounts -- exactly what you would expect of divinely-inspired writings which report historic events.

The complete texts of the four Gospels are arranged in an eye-pleasing serial parallel format with informative margin notes that respects the sacred Gospel texts while placing them in a harmonized chronology. An extended commentary section follows the texts in the same chronological order. The book includes seventy of the author's original holy land maps, information charts, and graphic time lines to help the reader visualize the convincingly plausible time line reported in the Gospels. Printed margin tabs help readers navigate between the gospel texts and related commentary. The entire book was designed by the author as an extension of the devotional act of researching and writing it. Even the book's inside cover, with end flaps, opens to a 20 inch wide historic map charting Christ's last ascent from Jericho to Jerusalem for the Passion Week.

The Layman's Gospel Harmony is the inspirational, faith-affirming companion text to *The Layman's Gospel Harmony Chart*. It is intended for Gospel students of all denominations, for bible study groups, church adult education curriculum, and for the spiritually curious.
