Writing on Water Mooji

This book contains sayings for meditative contemplation. It is especially geared towards those with a fervour for deeper spiritual truths, awakening and enlightenment. Humanity's basic assumptions are being challenged. First and foremost among them is the 'I am the body' idea, which is the cause of suffering for mankind. What is special about these words presented here is that they tackle the truth from both vantage points: the absolute plane of existence and the practical aspect of daily living in this world.
