Create Your Own Wealth: Discover the World of Investments and Learn How to Win in the Stock Exchange Alejandro Cardona

My great purpose in writing this book is to give you concrete and very specific tools for a simple and practical way to begin your success in the stock market. For you to also understand the management of these tools that only a privileged minority use almost in secret, to earn a lot of money. Are you ready? Prepare yourself, I will take you from the very basics to the most complex so that you may begin your path to economic progress; which is not easy, but is worth knowing. Once you have learned the way, I assure you, you will differ from 90% of the people. You will no longer prefer, like them, to hand your money over to others to obtain average gains without you becoming aware of what is really happening in the financial world.
