Hunters of the Dark Sea

Mel Odom

Hunters of the Dark Sea Mel Odom

They were the whalers of the nineteenth century, leaving home for months, nay years at a time, in search of the largest creatures of the earth. It was their job to hunt these mammoth sea dwellers for their oil and feed the trade in hopes of raising enough coin to feed their families back in port. They are the hunters of the dark sea, in search of the deadly behemoth that is their stock and trade. It is a life and death profession where even the greenest member of the crew knows the odds of survival . . . until these odds are changed by an even deadlier hunter than themselves: an unearthly predator that is now stalking them.

"Smartly told," "a surefire pageturner," "Mel Odom really knows how to keep a reader turning pages," are only some of the accolades bestowed on award-winning author Mel Odom. Turning his attention away from his usual fantasy kingdoms to the high seas of the nineteenth century in this pageturning adventure of the whaling trade, Odom combines the suspense of *Alien* with the historical storytelling of Caleb Carr and Michael Crichton.
