**Pets in Therapy: Animal Assisted Activities in Health Care Facilities** Margaret N Abdill, Denise Juppe  
Pets in Therapy is full of information about how to use animals as part of a therapy or activity program. There are personal stories from people who have used animals in their programs talking about their successes and occasional failures. There are resource lists of people to contact who will help you set up a program in your facility. And there is information about the procedures and protocols you need to put in place to make sure that your program functions safely for both your residents and your animals. In-house pets and pets visitors are both covered.
