Insolvency Legislation: Annotation and Commentary (Fourth Edition) Louis Doyle, Andrew Keay
This book provides practical guidance on the key primary and secondary insolvency legislation in the UK. In addition to the complete texts of the key statutory provisions, each is annotated with detailed analysis and commentary, providing readers with everything they need within a single portable volume. Combining the experience and knowledge of an established practitioner and two leading academics, the book provides a practical discussion of relevant UK insolvency provisions and case law. It has been written specifically for assisting with the identification of the key UK legal principles facilitating practical problem solving. The detailed commentary includes general observations and analysis concerning terminology, specific wording, practical issues, and procedure. This 2013 edition has been thoroughly updated with: amendments to the Insolvency Rules * new case law in international insolvency * full coverage of the emerging case law on the European Insolvency Regulation, including the recent jurisprudence from the European Court on 'center of main interests' or COMI * detailed assessment of the Cross Border Insolvency Regulations, as well as the interaction with common law principles of cooperation and comity in international insolvency cases.
