Page Patterns Vol. III was also created with every level of Scrapbooker in mind...with refreshing 'Simplicity'. It's another perfect prescription for that painfully annoying disease afflicting all us scrapbookers called, "Layout Block". There is a "Re-Imagining" process required in scrapbooking in order to make your pages look NEW, which is taking one pattern and making it look entirely different with just a few tweaks. Some patterns may have the same basic design, but the Re-Imaging of it makes it FRESH. Packed inside this newest book are 617 patterns; 290 Single and 327 Double Page Pattern ideas that can again be the cure to your "Layout Block". Vol III once again will give you easy-to-use, simple and fun pattern ideas. What you won't find are any distracting advertisements or sidebars listing every maker of every item used by someone else on their sample layout. "Page Patterns" enables you to imagine your own photos in the patterns as you browse through the hundreds of refreshingly unique samples available. With each and every pattern, you get paper and embellishment ideas from brads, buttons, buckles, belts and staples to ribbons, ric-rac, tags, flowers and even paperclips helping you to visualize the many options and variations. The Page Patterns can be flipped, rotated and tweaked to fit your own photos. The Single Page Patterns have ideas for layouts with 1 to 15 photos and the Double Page Patterns have ideas for 2 to 30 photos. Your imagination with this book is simply limitless
