Conscious and Verbal: Poems Les Murray

A wonderful new collection by a wizard of contemporary poetry

Everything widens with distance, in this perspective.
The dog's paws, trotting, rotate his end of infinity
and dam water feels a shiver few willow drapes share.
Bright leaks through their wigwam re-purple the skinny beans
then rapidly the light tops treetops and is shortened
into a day. Everywhere stands pat beside its shadow
for the great bald radiance never seen in dreams.
-from "Aurora Prone"

In July 1996, the Australian press reported that after three weeks in a coma, the country's greatest poet, Les Murray, was again "conscious and verbal." Shortly thereafter, Murray resumed his work in words, and over the next four years he wrote these sixty-five poems, which, in their different ways, literally or sensually, replay that dreamy announcement of the perpetually waking world. *Conscious and Verbal* is one of the legendary poet's richest, fullest, and most imaginative books to date.
