## **Fractal Fiction (Volume 1)** Mr. R. L. Carter

The Empire Lu Sol is besieged by famine, rebellion, and heresy. Once the world's foremost naval power, Lu Sol's fleet is destroyed by a rogue wave that takes a sizable portion of the empire's noble class with it. This is the power vacuum where every social norm is in a tumultuous process of revolution. This is the world that gives the ship builder Murdock the opportunity to serve the Empress Lucerna III. For nine years he builds ships and journeys across the world at her command, battling pirates and rebels. At the core of his service to the crown lies a singular fiction that spins the entire world like a vortex, and only when human civilization is on the verge of collapse--when it seems all the stars are falling from the sky--can the truth be uncovered. Sixteen full color paintings illustrate this adventure.
