**Hiroshige** Adele Schlombs

**Master of Japanese ukiyo-e woodblock prints**

**Utagawa Hiroshige** (1797-1858) was one of the last great artists in the ukiyo-e tradition. Literally meaning "pictures of the floating world", **ukiyo-e refers to the famous Japanese woodblock print genre** that originated in the 17th century and is practically synonymous with the Western world's visual characterization of Japan. Though Hiroshige captured a variety of subjects, his greatest talent was in creating landscapes of his native Edo (modern-day Tokyo) and his most famous work was a series known as "100 Famous Views of Edo" (1856-1858). This book provides an introduction to his work and an overview of his career.

## **About the Series:**

Each book in TASCHEN's Basic Art series features:

- a detailed chronological summary of the life and oeuvre of the artist, covering his or her cultural and historical importance
- a concise biography
- approximately 100 illustrations with explanatory captions
