Ladies, are you tired of the dating dilemmas? Are you on a constant quest to find the "elusive" Mr. Right? Or maybe you've been in a long-term relationship for an extended period of time and your man keeps saying, he'll marry you someday! You think you're doing all the right things, but he still won't produce a ring. Well, this book was designed to help you understand how men actually think about love, sex, relationships and marriage. I'm often asked, what makes this book different from other 'How-to' relationship books? Well, I will be the first to admit that I can't teach you to do something that I've never done. However, it's no secret that I've been married five times, and have had a total of eighteen marriage proposals. And, in this book, I will dispel the myth that men are afraid of commitment. In fact, I'll tell you a secret, I have never met a man who wouldn't commit, and I've dated men from all spectrums; professional athletes, celebrities, as well as the average, every day Joe! Fact is, a man will commit when he finds what he is looking for, and the key to capturing Mr. Right's heart - and ultimately getting the ring - is understanding how he thinks, and knowing what he needs. "How to Get Him to Put That Ring on Your Finger in 365 Days or Less" has something for everyone! Although it was written as a guide for women who are looking to get married, the same principles also apply to women who are already married, and just need some helpful pointers on keeping their marriage fresh and alive. Sometimes when we have been with a man for a while, we have a tendency to forget the old saying, "What you do to get him, you must also do to keep him". This book will serve as a reminder of how important it is to continue to nurture your relationship even "after" you get the ring.
