With Indie's computer hacking skills to help him, he finds the nuke and captures the terrorist who planted it, but he's not done yet. Old friend Harry Winslow from Homeland Security needs a man who knows what they're up against, and the honeymoon gets cut short so Sam can get back to Denver and track down the terrorist cell behind it all! How does a simple Private Eye end up saving the country? Well, if it's Sam Prichard, it's all just a matter of being in the right place at the wrong time! The only question is whether he can stop the terrorists from carrying out their evil plot before thousands of Americans die! **See why people are calling it "the next Jack Reacher" yourself by scrolling up and downloading your copy today!**
