Pocket Atlas of Ophthalmology (Clinical Sciences (Thieme)) Torsten Schlote, Jens Rohrbach

Portable, practical information at a glance
In ophthalmology, visual diagnosis is the most crucial part of an examination. This handy atlas is designed to help busy clinicians identify clinical signs and symptoms, establish differential diagnoses, and work through complex clinical questions -- efficiently and accurately.
The Pocket Atlas of Ophthalmology features:
More than 500 photographs, line drawings, and diagrams
Precise clinical descriptions of all major disorders
Color-coded tabs for easy access
Easy-to-follow bulleted lists and flow charts
Side-by-side comparison charts for differential diagnosis
Succinct overviews of ocular anatomy and physiology
Valuable tips and techniques for diagnosis and treatment
Chapters on drug side effects and eye diseases in developing countries
Also useful as a study guide or patient information aid, the atlas also includes a detailed index and numerous cross-references. Compact, durable, and packed with information, this volume slides into any lab coat pocket, making it the ideal clinical companion for all eye care professionals.

From reader reviews:

William Fugate:

What do you consider book? It is just for students since they're still students or it for all people in the world, the particular best subject for that? Only you can be answered for that question above. Every person has different personality and hobby for each and every other. Don't to be pressured someone or something that they don't desire do that. You must know how great in addition to important the book Pocket Atlas of Ophthalmology (Clinical Sciences (Thieme)). All type of book is it possible to see on many sources. You can look for the internet resources or other social media.

Mary Lee:

Information is provisions for those to get better life, information presently can get by anyone in everywhere. The information can be a understanding or any news even a problem. What people must be consider when those information which is in the former life are hard to be find than now is taking seriously which one works to believe or which one the actual resource are convinced. If you obtain the unstable resource then you understand it as your main information you will see huge disadvantage for you. All those possibilities will not happen with you if you take Pocket Atlas of Ophthalmology (Clinical Sciences (Thieme)) as the daily resource information.

Judith Mandel:

Reading can called brain hangout, why? Because when you are reading a book especially book entitled Pocket Atlas of Ophthalmology (Clinical Sciences (Thieme)) the mind will drift away trough every dimension, wandering in each aspect that maybe mysterious for but surely might be your mind friends. Imaging each word written in a publication then become one web form conclusion and explanation that will maybe you never get just before. The Pocket Atlas of Ophthalmology (Clinical Sciences (Thieme)) giving you a different experience more than blown away your brain but also giving you useful information for your better life in this particular era. So now let us explain to you the relaxing pattern here is your body and mind are going to be pleased when you are finished studying it, like winning a casino game. Do you want to try this extraordinary paying spare time activity?

Jeff Weaver:

This Pocket Atlas of Ophthalmology (Clinical Sciences (Thieme)) is great book for you because the content which is full of information for you who have always deal with world and still have to make decision every minute. This specific book reveal it facts accurately using great organize word or we can say no rambling sentences inside. So if you are read the item hurriedly you can have whole information in it. Doesn't mean it only provides you with straight forward sentences but difficult core information with beautiful delivering sentences. Having Pocket Atlas of Ophthalmology (Clinical Sciences (Thieme)) in your hand like having the world in your arm, data in it is not ridiculous 1. We can say that no e-book that offer you world with ten or

fifteen moment right but this guide already do that. So , this is certainly good reading book. Heya Mr. and Mrs. occupied do you still doubt in which?
