Disciples of the Plague Eric Joseph

Immediately after finishing his medical training in Wisconsin, Charlie Greyson moved to stunningly beautiful southern Africa to accept a position in a pediatric HIV clinic, in a volatile place where nearly one in two young adults carry the virus.

Charlie's sense of comfort and belonging were left behind. With him came his devoted wife, his idealistic convictions, and a firm sense of purpose. Yet all of these are about to encounter unexpected challenges from every side as hard truths about their new home become apparent. As Charlie becomes intertwined with a cast of characters from all classes of life in this unique and fractured place, the far-reaching grasp of the epidemic becomes the backdrop onto which he finds himself questioning the reasons that brought him here, dealing with his present dangers, and facing the role he has left to play.
