*When the movie starts, the horror becomes real.*

It was a run-down old multi-plex in a seedy part of town. But it had a special late-night festival of the cheap horror movies one group of friends loved, movies filled with zombies, vampires and backwoods maniacs. How could they know it was a very special screening indeed? After the friends split up and their chosen movies began, they found themselves transported out of the life they knew and into the blood-drenched worlds of the films. Worlds where the living dead roam the countryside, the decrepit mansion of a vampire and his minions dominates the night sky, and the shrill scream of a buzz saw is always right behind you.
