Steve Jobs: From Apples to Apps (Extraordinary Success with a High School Diploma or Less) Jaime Seba

"Steve Jobs ... changed the way the world uses technology with devices like the iPod, iPad, and iPhone. The company he helped found in a garage years ago is now one of the most successful companies in the world, and Jobs was the face of the technology giant right up until his death in 2011. And what's most amazing about his story is that he did it all without a college degree."--Publisher's website.
