The Noisy Counting Book Susan Schade, Jon Buller

Three birds said TWEET TWEET TWEET.

Two ducks said WAK WAK.

And one big frog said GA-DUNK!

In this beloved classic title from husband-and-wife team Susan Schade and Jon Buller, a boy goes to the pond to fish but is interrupted by noisy animals that count their way from one to six with silly sounds. Toddlers love to count along and imitate the animals as they count. The big frog's trademark GA-DUNK becomes more fun to say with every page.

Thanks to this new board book edition, parents, teachers, and librarians who have searched in vain for an affordable used copy will finally be able to share this gem with a whole new generation of GA-DUNKing toddlers at story time.

From reader reviews:

Patricia White:

The book The Noisy Counting Book can give more knowledge and also the precise product information about everything you want. Why then must we leave the good thing like a book The Noisy Counting Book? Wide variety you have a different opinion about guide. But one aim in which book can give many details for us. It is absolutely appropriate. Right now, try to closer together with your book. Knowledge or details that you take for that, you can give for each other; you are able to share all of these. Book The Noisy Counting Book has simple shape however, you know: it has great and large function for you. You can search the enormous world by wide open and read a e-book. So it is very wonderful.

Noah Cale:

Reading a publication can be one of a lot of exercise that everyone in the world really likes. Do you like reading book thus. There are a lot of reasons why people love it. First reading a guide will give you a lot of new info. When you read a book you will get new information mainly because book is one of various ways to share the information or their idea. Second, studying a book will make a person more imaginative. When you studying a book especially fictional works book the author will bring that you imagine the story how the personas do it anything. Third, you could share your knowledge to other individuals. When you read this The Noisy Counting Book, you may tells your family, friends as well as soon about yours publication. Your knowledge can inspire the others, make them reading a e-book.

Brett Baker:

Your reading 6th sense will not betray a person, why because this The Noisy Counting Book book written by well-known writer who knows well how to make book that may be understand by anyone who have read the book. Written within good manner for you, dripping every ideas and composing skill only for eliminate your current hunger then you still uncertainty The Noisy Counting Book as good book not simply by the cover but also from the content. This is one publication that can break don't ascertain book by its include, so do you still needing another sixth sense to pick that!/? Oh come on your examining sixth sense already told you so why you have to listening to yet another sixth sense.

Joe Williams:

As a university student exactly feel bored in order to reading. If their teacher asked them to go to the library as well as to make summary for some publication, they are complained. Just small students that has reading's soul or real their interest. They just do what the educator want, like asked to the library. They go to right now there but nothing reading very seriously. Any students feel that studying is not important, boring and can't see colorful pictures on there. Yeah, it is being complicated. Book is very important in your case. As we know that on this era, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore this The Noisy Counting Book can make you really feel more interested to read.
