Clinical Manual of Cultural Psychiatry, Second Edition

Russell F. Lim

Clinical Manual of Cultural Psychiatry, Second Edition Russell F. Lim

The Clinical Manual of Cultural Psychiatry was developed over more than 18 years, first as a course, then as a successful and highly regarded manual for use by mental health practitioners in evaluating patients who identify themselves as belonging to a cultural or minority group. The second edition represents the further evolution of the field and is needed now more than ever in our increasingly diverse world. The book has been not only thoroughly updated but also expanded to embrace additional dimensions and segments of society. Mental health issues experienced more frequently by women and the cultural factors affecting the mental health of lesbian, gay, bisexual, and transgender individuals, as well as religious and spiritual issues, are explored in four new chapters that round out coverage of the nation's four major ethnic minority groups. The new edition is also updated with the DSM-5[registered] Outline for Cultural Formulation and the new Cultural Formulation Interview and comes with access to online video examples using simulated patients to illustrate how to use these tools. Focused on promoting both understanding and developing cultural competency for clinicians, the new second edition of the Clinical Manual of Cultural Psychiatry represents a major advancement in this critically needed area.

From reader reviews:

William Perez:

The book untitled Clinical Manual of Cultural Psychiatry, Second Edition is the guide that recommended to you to study. You can see the quality of the e-book content that will be shown to you actually. The language that writer use to explained their ideas are easily to understand. The copy writer was did a lot of analysis when write the book, and so the information that they share for you is absolutely accurate. You also can get the e-book of Clinical Manual of Cultural Psychiatry, Second Edition from the publisher to make you far more enjoy free time.

Fidel Auxier:

The reason? Because this Clinical Manual of Cultural Psychiatry, Second Edition is an unordinary book that the inside of the publication waiting for you to snap the idea but latter it will distress you with the secret this inside. Reading this book next to it was fantastic author who else write the book in such remarkable way makes the content on the inside easier to understand, entertaining approach but still convey the meaning thoroughly. So , it is good for you because of not hesitating having this anymore or you going to regret it. This excellent book will give you a lot of gains than the other book get such as help improving your ability and your critical thinking means. So , still want to hesitate having that book? If I had been you I will go to the book store hurriedly.

Martina Smith:
