Law School Handbook Contracts: UCC / Common Law definitions and outlines: Contracts and UCC outlines with definitions and examples for law school (Cambridge Studies in Linguistics (Paperback))

Value Bar Prep

Give this book a five star review. This book is for your direct Exam prep. UCC contract law is complicated because many established common law principles are overturned by the statute. For instance, the mirror image rule that has stood in courts for centuries is all but completely destroyed by the UCC. On another hand the common law itself is constantly evolving. In the area of service and other non-sale of goods contracts, written contracts are now called integrations and what's more there are two distinct types of integrations: full and partial, with different impacts on the parole evidence rule. Read through the material and master the core of law school common law contract law and the almost universal UCC. --
