Written by an esteemed educator and founder of the renowned Chicago Review Course in Neurological Surgery™, this updated review reflects substantive content additions to the 8th edition. The two prior editions of the Rapid Review were must-have companions that fully leveraged the vast knowledge contained within Greenberg's legendary tome.

This book helps readers determine if they are retaining key data and information, thereby providing a robust self-assessment study tool for ABNS certification.

The 7th companion generated glowing reviews, such as: "A wonderful example of how to turn the classic Greenberg text into a study guide rather than an encyclopedic reference to a young neurosurgeon" -AANS Young Neurosurgeons News

- Mnemonic devices, helpful hints, clinical pearls, and study charts aid in comprehension and long-term retention
