Pharmacology is the most difficult aspect of the NCLEX licensure examination for both practical and registered nurses. With new drugs introduced every day and drug interactions a more serious concern than ever before, nursing students need quick, convenient access to up-to-date drug information in order to pass their licensure exams. In a market dominated by lengthy tomes priced nearly double, the **Pharmacology Made Easy** study guides are the most efficient and economical review choices available. In each book, 295 carefully prepared written test questions cover drug actions, adverse reactions and side effects, contraindications and precautions, interactions, nursing considerations, and therapeutic benefits for more than 600 medications. Complete rationales for correct and incorrect answers are provided. Each book includes a 100-item interactive practice test on disk.
