Thank you for viewing our book! If you decide to purchase, the authors humbly ask that you please go to www.createspace.com/6663271 (simply type this address into the address bar at the top of your screen and it will take you straight to the book to place your order). It is as safe and secure as purchasing on Amazon (probably more so) because it is Amazon, just their publishing side. We ask this favor because when our book is ordered through Amazon.com and not CreateSpace.com, Amazon takes out another large fee (not sure why since it is the same company) and by doing so, Amazon ends up making a lot more on the sale than we do. At least through CreateSpace we split the royalties a bit more evenly with Amazon. They still make more than the authors but this way is much fairer. We very much appreciate your extra effort to help and also thank you very, much for your interest in our book. We hope you enjoy it! "Lexington's Lost Architecture" is a new book featuring many never before published photos of some of Lexington, Kentucky's finest old architecture. All the homes are long gone either by having been torn down or burned. These pages contain the stories of the people that built these magnificent structures and those that inhabited them. There are many interior photos from private collections and many full color images which will give the reader an idea of the splendor of these lost treasures.
