The Way it Was Nina Naude

While the press invariably referred to Bobby Verwey as 'Gary Player's brother-in-law' throughout his long career, Bobby's own hard-won golfing achievements deserve acclaim, as this autobiography, co-written with his partner Nina Naude, makes clear. *The Way It Was* is a candid, first-hand look at what it was like to be a professional golfer between the 1950s and the late 1990s. Bobby Verwey was one of the true pioneers of professional golf, and he details the life of the players during those early years, when they would drive across America for an average of six or seven hundred miles a week for about seven months of the year in order to get to the next tournament. Everyone played with a passion and dedication, even though the money was, by modern standards, derisory. Bobby relates the many ups and downs of his life, with most of the highs relating to his family - he is the father of three sons, all committed golfers. He talks about many of the key matches of his career, in particular his victory in the 1991 British Senior Open. Bobby also discusses his controversial and complicated relationship with his famous brother-in-law, which has inevitably had an impact on his personal life and professional career. Golf enthusiasts will enjoy the many amusing stories of the colourful characters Bobby has met and played against through the years and all over the world. With a Foreword by Peter Alliss.

From reader reviews:

Harry Fulford:

Precisely why? Because this The Way it Was is an unordinary book that the inside of the reserve waiting for you to snap the idea but latter it will shock you with the secret the idea inside. Reading this book close to it was fantastic author who write the book in such amazing way makes the content within easier to understand, entertaining method but still convey the meaning thoroughly. So , it is good for you because of not hesitating having this nowadays or you going to regret it. This phenomenal book will give you a lot of advantages than the other book possess such as help improving your proficiency and your critical thinking technique. So , still want to hold off having that book? If I had been you I will go to the book store hurriedly.

Tracy Cluck:

Your reading 6th sense will not betray an individual, why because this The Way it Was publication written by well-known writer who knows well how to make book which might be understand by anyone who have read the book. Written throughout good manner for you, dripping every ideas and writing skill only for eliminate your personal hunger then you still hesitation The Way it Was as good book not only by the cover but also from the content. This is one book that can break don't judge book by its handle, so do you still needing an additional sixth sense to pick this specific!?! Oh come on your reading through sixth sense already said so why you have to listening to yet another sixth sense.

Willie Collins:

This The Way it Was is great guide for you because the content which is full of information for you who else always deal with world and possess to make decision every minute. This particular book reveal it data accurately using great arrange word or we can point out no rambling sentences included. So if you are read the idea hurriedly you can have whole details in it. Doesn't mean it only will give you straight forward sentences but tough core information with beautiful delivering sentences. Having The Way it Was in your hand like having the world in your arm, data in it is not ridiculous one. We can say that no reserve that offer you world in ten or fifteen tiny right but this reserve already do that. So , it is good reading book. Hello Mr. and Mrs. active do you still doubt which?

Tara Reynolds:

You are able to spend your free time to study this book this book. This The Way it Was is simple to create you can read it in the recreation area, in the beach, train and also soon. If you did not have much space to bring the printed book, you can buy often the e-book. It is make you easier to read it. You can save the particular book in your smart phone. And so there are a lot of benefits that you will get when you buy this book.
