Outspoken: A Decade of Transgender Activism and Trans Feminism

Julia Serano

Outspoken: A Decade of Transgender Activism and Trans Feminism Julia Serano

In her third book *Outspoken: A Decade of Transgender Activism and Trans Feminism*, Julia Serano chronicles her own personal evolution and the many shifts in transgender activism that have occurred since the dawn of the twenty-first century. It is a personal history of where transgender activism has recently been, and a passionate & insightful analysis of where it should head in the future. This collection compiles forty-eight of her previously unpublished and difficult to find trans-themed writings, including her early slam poems and spoken word, essays and manifestos written contemporaneously with her acclaimed books *Whipping Girl: A Transsexual Woman on Sexism and the Scapegoating of Femininity* and *Excluded: Making Feminist and Queer Movements More Inclusive*, plus her recent work addressing differences within transgender communities and activism. These pieces are augmented with thoughtful introductions and interludes that contextualize the issues at hand and previous periods in transgender activism. Combining elements of memoir, historical account, gender theory, and activist philosophy, this book is a must for anyone who has appreciated Serano's previous books and/or has an interest in transgender identities, experiences, perspectives, and progress.
