## **Spark** Catherine Friend

Jamie Maddox is worried about her grip on reality. Has her consciousness really been transported back to 1560, landing in the body of Blanche Nottingham? Not good, since Blanche, a lady-in-waiting for Queen Elizabeth I, is plotting a murder. The other possibility that Jamie faces? She's had a psychotic break that has trapped her in an Elizabethan fantasy while another personality—let's call her Blanche—has taken control of Jamie's life and is jeopardizing everything.

Jamie is repeatedly zapped back and forth between the present and 1560 (or in and out of that twisted fantasy.) Betrayal, murder, thunderstorms, and two doctors complicate everything as Jamie and Blanche battle to control Jamie's body. Just as Jamie is running out of both hope and time, help—and love—come from a most unexpected place.

### From reader reviews:

#### **Larry Hunter:**

Nowadays reading books be a little more than want or need but also become a life style. This reading practice give you lot of advantages. The benefits you got of course the knowledge the particular information inside the book in which improve your knowledge and information. The information you get based on what kind of e-book you read, if you want attract knowledge just go with education books but if you want sense happy read one together with theme for entertaining like comic or novel. The actual Spark is kind of reserve which is giving the reader capricious experience.

#### **Lawrence Hurst:**

Playing with family within a park, coming to see the sea world or hanging out with buddies is thing that usually you have done when you have spare time, after that why you don't try factor that really opposite from that. One particular activity that make you not feeling tired but still relaxing, trilling like on roller coaster you already been ride on and with addition details. Even you love Spark, you may enjoy both. It is good combination right, you still want to miss it? What kind of hangout type is it? Oh occur its mind hangout guys. What? Still don't have it, oh come on its identified as reading friends.

#### **Bridgett Killion:**

Don't be worry in case you are afraid that this book will probably filled the space in your house, you may have it in e-book way, more simple and reachable. This specific Spark can give you a lot of pals because by you taking a look at this one book you have point that they don't and make an individual more like an interesting person. This particular book can be one of one step for you to get success. This reserve offer you information that probably your friend doesn't recognize, by knowing more than different make you to be great individuals. So , why hesitate? Let me have Spark.

#### **Antonio Ritchie:**

Do you like reading a guide? Confuse to looking for your chosen book? Or your book had been rare? Why so many query for the book? But any kind of people feel that they enjoy intended for reading. Some people likes reading, not only science book but also novel and Spark as well as others sources were given know-how for you. After you know how the truly amazing a book, you feel need to read more and more. Science e-book was created for teacher or maybe students especially. Those ebooks are helping them to include their knowledge. In various other case, beside science e-book, any other book likes Spark to make your spare time far more colorful. Many types of book like this.
